PROFILE

I am a motivated job seeker who wants to help build the future and make a difference by working in digitalization and automation, with a focus on Robotic Process Automation (RPA, machine learning and artificial intelligence, visualization and dashboard solutions. I am ready to use my knowledge and skills to contribute to the development and growth of an exciting company by meeting objectives and delivering to deadlines. I am known for positive attitude and determination, and motivated to learn new computer programs and more. I can work well independently, as well as in a team and produce a motivated attitude and ability to establish strong and productive relationships with other employees.
